Wise Package Studio to AdminStudio conversion

Description

Are you a Wise® Package Studio® user interested in switching to AdminStudio? This 3-day course will help you to understand the differences between Wise Package Studio and AdminStudio by going through every step in the packaging process. The course will cover not only MSI repackaging but also how to convert MSIs to application virtualization formats like Microsoft® App-V™, VMware® ThinApp™, and Citrix® XenApp™.

Course outline

- Refresh on Windows Installer concepts and new features in version 5.0
- The AdminStudio environment and typical usage scenario
- Tool comparison between AdminStudio and Wise Package Studio
- Using AdminStudio Repackager
- Using AdminStudio InstallShield Editor
- Upgrades and Patches
- Tuning Vendor supplied MSI files with AdminStudio Tuner and InstallShield Editor
- QA with AdminStudio
- Application Management & Conflict Solving
- Introduction to Application Virtualization
- Practical Examples & Dedicated Question / Answer session

Course duration (days): 3

Trainer language(s): EN, DE

Requirements:

Attendees should have the following experience:

- Good working knowledge of Microsoft Operating Systems (Windows 9x - Vista , Windows 2003 Server)
- Good knowledge of the Windows Registry
- Desktop support knowledge
- Understanding of Client / Desktop ma
